

## Mercury Rx thru the Signs:

May 29<sup>th</sup> at 24\* **Gemini 43'** (3:34pm/PDT & 6:34pm/EDT)  
thru June 22<sup>nd</sup> at 16\* **Gemini 08'** (3:00pm/PDT & 6:00pm/EDT)

**ARIES:** *Cool your Jets Ram!* If you don't slow down, you may end up with "foot-in-mouth" disease. Also, I'd service your vehicles **BEFORE** the Rx gets started, although we're already in the shadow period. Just take it slow, be patient, (yes, I know that's challenging for a Ram). *However, remember the Tortoise wins the Race.*

**TAURUS:** *Double-check your bank account Bull,* make sure you didn't miss a zero or two. I also wouldn't advise jumping on board with any "get-rich-quick" scams. *Stay away from the stock market & don't play the ponies.* It's best to stay in the Bull Pen where you know your stuff.

**GEMINI:** It's all about you Twins. The Rx is hitting your first house, *time for a make-over, maybe a new do, one from the past perhaps?* Hit the gym, although I know mental exercises are more your speed. It's a good time to *tie up loose ends from the past.*

**CANCER:** *You can run but you can't hide* is the Crab's motto for this Rx. You may find yourself digging up bones from the past, an old sailor or two may show up on your shore. It's a good time to heal old wounds, self-reflect and *pay attention to your dream life,* keep a journal.

**LEO:** The Lion may have to *look to his/her friends for support,* you've got enough of them in that Jungle of yours. If you've been thinking of re-joining a club or organization that you belonged to in the past, now may be a good time to *do some research and look into it.*

**VIRGO:** *Mind your Ps & Qs at work,* if you're up for a promotion, just be patient, some things may need to be worked out behind the scenes. If a *past employer contacts you,* it might be a good idea to *listen to what he or she has to say.*

**LIBRA:** You have a couple options this Rx, I know having to make a decision puts your scales all off balance. This is the deal, you may find yourself *hitting the books & studying something you've been putting off,* esoteric subjects, maybe Astrology. Or the other option, is a trip *overseas* that you had to cancel due to Covid, just may be opening up for you again. Decisions, decisions.

**SCORPIO:** The Rx falls in the Scorpion's 8<sup>th</sup> house, where you feel right at home, *dealing with sex, death, & taxes (not necessarily in that order).* It also deals with other people's money, i.e. inheritances, unemployment, etc. *You don't have all the info yet, so sit tight, & wait.*

**SAGITTARIUS:** For the Centaur, the *focus is on relationships,* business & personal. Don't be surprised when *a blast from the past, comes riding in on that white horse.* Or you may find yourself stalking an old lover on social media, *just don't bite off more than you can chew.*

**CAPRICORN:** The Goat might want to spend some time *reorganizing your workspace*, especially if you work at home. It's all about *service, your daily routines & habits*. *Pets may be a concern for you* also, just make sure they've had all their visits before the Rx.

**AQUARIUS:** *What creative project did you put on the back burner?* It might be time to reignite the Spark. I would definitely consider past hobbies, something that lights your fire, that you may have put aside. *Don't be surprised if a love affair shows up at your door*. Children also enter the arena for you during this Rx.

**PISCES:** *It's all about the Fish's pond*, maybe it's time to *redecorate*. Your home is where you'll be feeling the urge to make some changes. *Start small, some plants, a splash of color*, I'm thinking *sea green*. Maybe *get the fishbowl out of the basement & try male bettas* again. When you're all done, you'll have time to *check out your ancestry and look up your roots*.
